

ARLETT

WHISKY FRANÇAIS

The Arlett Single Malt Finition Fût Mizunara owes its distinctive character to a final maturation in Japanese Mizunara casks. The Tessendier family incorporates techniques from cognac production into the creation of the Arlett whisky range. One key method involves gradually diluting the distillate with water during barrel aging, resulting in an exceptionally smooth whisky that perfectly reflects the philosophy and style of the Tessendier distillery.

The whisky begins its journey with a 3-year maturation in new American oak barrels and ex-bourbon casks. It then undergoes an additional year of aging in Mizunara casks made from Japanese oak.

On the nose, it delights with bold yet refined and elegant spice notes of pepper and cardamom. On the palate, these spices are complemented by a striking freshness, leaving a lingering impression of their complex flavors on the finish.

Despite its 48% ABV, the Arlett Finition Fût Mizunara displays no harsh alcoholic edge, making it best enjoyed neat to fully appreciate its unique character.
