

RENAIS

Renaiss Gin is the creation of Emma and Alex Watson, whose father owns a renowned winery in Chablis. The siblings place particular emphasis on ethical and sustainable practices in the production process. Renaiss Gin is certified carbon neutral and comes in a premium bottle made from recycled glass. The name 'Renaiss' is derived from the French word Renaissance, meaning rebirth, celebrating the revival of gin as a luxury spirit.

Renaiss Gin is made from neutral alcohol derived entirely from pressed French grapes. It is then infused with handpicked Grand Cru grapes, acacia honey, lime, linden blossom, coriander seeds, angelica, cubeb pepper, juniper, salt, and dried hay, before being filtered through Kimmeridge limestone.

On the nose and palate, the gin reveals mineral notes from the grapes, fresh citrus, light acacia honey, aromatic garden herbs, floral nuances, and juniper. Renaiss Gin is perfect for sipping neat over ice or as a base for classic Martinis and sophisticated gin cocktails.
